

Art Association, tells young women what to do to avoid pain and suffering caused by female troubles.

"DEAR MRS. PINKHAM:—I can conscientiously recommend Lydia E. Pinkham's Vegetable Compound to those of my sisters suffering with female weakness and the troubles which so often befall women. I suffered for months with general weakness, and felt so weary that I had hard work to keep up. I had shooting pains, and was utterly miserable. In my distress I was advised to use Lydia E. Pinkham's Vegetable Compound, and it was a red letter day to me when I took the first dose, for at that time my restoration began. In six weeks I was a changed woman, perfectly well in every respect. I felt so elated and happy that I want all women who suffer to get well as I did."—Miss Guila Gannon, 859 Jones St., Detroit, Mich., Secretary Amateur Art Association.

It is clearly shown in this young lady's letter that Lydia E. Pinkham's Vegetable Compound will certainly cure the sufferings of women; and when one considers that Miss Gannon's letter is only one of the countless hundreds which we are continually publishing in the newspapers of this country, the great virtue of Mrs. Pinkham's medicine must be admitted by all; and for the absolute cure of all kinds of female ills no substitute can possibly take its place. Women should bear this important fact in mind when they go into a drug store, and be sure not to accept anything that is claimed to be "just as good" as Lydia E. Pinkham's Vegetable Compound, for no other medicine for female ills has made so many actual cures.

How Another Sufferer Was Cured.

"Dear Mrs. Pinkham: - I cannot praise your wonderful remedies enough, for they have done me more good than all the doctors I have had. For the last eight years and more I suffered with female troubles, was very weak, could not do my housework, also had nervous pros-Some days I would remain unconscious for a whole day and night. My neighbors thought I could never recover, but, thanks to your medicine, I now feel like a different woman.

"I feel very grateful to you and will recommend Lydia E. Pinkham's Vegetable Compound to all. It has now been four years since had the last spell of nervous prostration. I only weighed ninetyeight pounds at that time; now I weigh one hundred and twenty-three. consider your Vegetable Compound the finest remedy made. Thanking you many times for the benefit I received from your medicine, I remain, Yours truly, Mrs. J. H. FARMER, 2809 Elliott Ave., St. Louis, Mo."

Remember Mrs. Pinkham's advice is free and all sick women are foolish if they do not ask for it. She speaks from the widest experience, and has helped multitudes of women.

FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute graninoness.

What Is the Cause of the Rapid Falling Off

of Man's Existence?

Adam lived 930 years—Noah died aged 950. For fourteen centuries man lived on vegetables and there was no decrease in the years of life. From the time of the Flood to the time of Moses, about eight centuries, flesh eating existed and

there was a decrease of 80 years in the longevity of man. Is not the rapid falling off of man's existence traceable directly to meat eating? The fcods for a long life are those that come from Mother Earth—vegetable, fruits, nuts and cereals.

A Mexican Millionaire.

Pedro Alvarado, the Mexican multimillionaire miner who a few years ago was working in a mine for 85 cents a day, has ordered a train of five Pullman cars, in which he will make a tour of Mexico. He will be accompanied by a bodyguard of armed men. Alvarado has just built at Parral the finest residence in Mexico. More than a year ago he offered to pay the public debt of the republic, saying he had obtained his vast wealth from the ground and therefore he ought to donate that much of it to the government. This offer was declined by Minister of Finance Limantour. The only time that Alvarado has been out of the Parral mining district was two years ago, when he chartered a special train and took his family with him to the city of Chihuahua to have a gold filling placed in one of his

Richest Mexican,

General Luis Terrazas, "the richest Mexican," is going to make a tour ot the United States. General Terrazas is a person who is said to be worth, on a conservative estimate, \$200,000, 000. He has a heap of gold, real cash. so we are told, amounting to about \$150,000,000, or perhaps a few millions more. He is called the largest individual land owner in the world. His real estate is said to be about 20,-000,000 acres, consisting of fifteen huge ranches, or haciendas. The rich Mexican has fifteen farms, each one of which is almost as large as the state of Delaware. He is the reputed owner of herds of cattle supposed to number about 1,000,000; towns are situated in his domains; he has banks and factories; 10,000 rustlers and cowboys round up his cattle.

Dangerous Caterpillars.

The hairs of the brown caterpillar which is the caterpillar of the brown tail moth, are full of tiny barbs so extremely small that they are quite invisible. The barbs catch in the human skin and break off. This causes the skin to itch enough to lead the person to scratch. Inflammation follows, and sometimes this produces an eruption that is even worse than the blistering caused by poison ivy.

A Millionaire's Whim.

In the offices of William Waldort Astor on the Thames embankment stands a steel desk, one of the curiosities of which is the petty cash drawer, always filled with sovereigns. Mr. Astor, it is said, likes to feel that he is always in command of sufficient ready cash to buy anything that may happen to catch his eye, and thus from the couple of thousand pounds in his drawer he takes handfuls of gold just as necessity may require.
